

K-LOVE is very important to me because of my faith. I'm a Christian and the music that the people on K-LOVE play helps me with my walk with God. I like knowing that there are people out there that care about what I care about and share my same beliefs.

K-LOVE has been known to help people in a lot of ways. One of the most important is the way that it gives hope to people. I've heard that people have actually stepped back from suiciding because K-LOVE reached out to them with a message of love, hope and peace.

If K-LOVE were to be replaced by an LPFM broadcaster providing other programming, it would be a great loss to the community. We would not only miss the encouraging music that it plays. But we would also miss listening to news updates and such from our point of view. On a program called "Closer Look" K-LOVE personalities share in-depth info on different issues facing us today in our communities, work places, schools, etc. We get to know what's being done and what can be done to deal with these issues.

K-LOVE's service is in the public interest because it is family-friendly. Parents don't have to worry about kids listening to the wrong kind of music which has wrong influences. There is a regular news update that happens every one hour or 45 minutes or so. There are people in the K-LOVE staff that are waiting by the phones 24-7 just in case somebody out there needs someone to talk to.

To me, K-LOVE has been encouraging, and uplifting. The radio DJs on K-LOVE are fun and warm. They are not ashamed to spread God's love. K-LOVE is a part of my life. Please don't take it away from me.
